| Innovations in Financial Aid Management Solutions | We've all heard the phrase "knowledge is power." Knowledge about financial matters can be very empowering. Unfortunately, many borrowers don't always know what they don't know--and that can lead to making some poor choices, including over-borrowing. In this session, we'll review some common situations borrowers may be faced with and discuss ways to steer them in the right direction. | GLHEC | 6/6/18 | 9:00 AM | https://schools.mygreatlakes.org/web/FAP/training/findAvailableEvents?selected=training&navMenuItemSelected=hoz.findEvent |
| Ten Things Borrowers Need to Know When They Start School | Thinking about buying a new home or car? Unless you're independently wealthy, it's likely you'll need to finance those big ticket items. | Understanding consumer credit reports and scores | In this busy world, our minds are constantly pulled in multiple directions. We have overbooked calendars and compound deadlines— leaving us feeling tired and stressed. While you may not be able to change the volume of responsibilities you have, you can change how you approach each day so that you're living in the moment and generating energy—not expending it. Join Tasha McDaniel, Great Lakes Trainer and Certified Wellness Coach, to learn how to implement MINDFULNESS strategies into your daily routine. These simple yet powerful practices can help put you in the present, improve engagement, and reduce stress. | GLHEC | 6/6/18 | 12:00 PM | https://schools.mygreatlakes.org/web/FAP/training/findAvailableEvents?selected=training&navMenuItemSelected=hoz.findEvent |
| MINDFULNESS: Strategies for Slowing Down and Living in the Moment | During their grace period, students should plan for successful repayment. You can help maximize this planning period through strategic outreach and communication. During this session, we will show you how Great Lakes communicates with borrowers during grace, review the various repayment options available to students, and share ideas for outreach efforts that you can implement at your institution. | GLHEC | 6/7/18 | 9:00 AM | https://schools.mygreatlakes.org/web/FAP/training/findEvent/1358?selected=training&navMenuItemSelected=hoz.findEvent |

| Transitioning from Grace to Repayment: Maximize the Opportunity | Professional Judgment or PJ authority rests with the financial aid administrator—and is a huge responsibility. Used wisely it enables you to award specific students the right amount of aid. There are a variety of ways to exercise this option but what's the best method for each situation? | GLHEC | 6/7/18 | 12:00 PM | https://schools.mygreatlakes.org/web/FAP/training/findAvailableEvents?selected=training&navMenuItemSelected=hoz.findEvent |
| Professional Judgment: Unraveling the Mystery | How much is too much? When is a parent helping excessively for their college age child? Colleges, and specifically financial aid administrators, can create a culture of autonomy to help students become more resilient, self-confident, and independent? In this session we will explore the impact of over-parenting on college campuses, offer guidance on finding a balance between respecting a parent's need to be involved, and supporting a student's right to grow up and provide examples of what some schools are doing to address helicopter parenting problems before they occur. | GLHEC | 6/12/18 | 9:00 AM | https://schools.mygreatlakes.org/web/FAP/training/findAvailableEvents?selected=training&navMenuItemSelected=hoz.findEvent |
| Promoting Autonomy in a World of Over-Parenting | Innovating the way financial aid processes are presented is a challenge. How do you make gathering information easy and intuitive? How do you deliver the experience students expect? We'll look at new innovations including: universal sign in student portal, award letters and electronic forms as well as enhancements to current solutions that will help you boost enrollment, promote your school, enhance the student experience and save you time. Deliver the experience your students expect and gain the time you need to help them. | Inceptia | 6/12/18 | 11:00 AM | http://bit.ly/NewatInceptia |

| Need or greed: Recognizing spending creep | There are so many things we could have to make life even better...or so we think. The newest smartphone, the upgraded car, the larger house, the 80-inch flat screen, the new deck, the patio and the yacht. All these expenses have to be paid for, which can lead to credit card debt, loans we can't afford to pay back and the eventual loss of everything to pay back creditors. In this webinar, we will take a look at the telltale signs of spending creep and review strategies to avoid it. | ECMC | 6/20/18 | 10:00 AM | https://www.ecmc.org/schools/training.html |

| Bridging the Intergenerational Communication Gap | Good communication is the foundation to any team, department, or organization. With it, people absorb and comprehend messages from management, value differences, and there is stronger cohesion throughout the team. Without it, there is a lack of trust, misunderstandings occur, and a climate of low morale exists. Getting everyone on the same page isn't always easy, particularly within intergenerational work environments and the varied ways people communicate. Join this interactive webinar to better understand strategies that can lead to real improvements in employee communication, motivation, and productivity. | GLHEC | 6/27/18 | 12:00 PM | https://schools.mygreatlakes.org/web/FAP/training/findAvailableEvents?selected=training&navMenuItemSelected=hoz.findEvent |
